Eurochange PLC is a subsidiary company of FX Corporation LTD It is regulated under HM Revenue and Customs for the Anti-Money Laundering legislation.

**Payment services that we supply**

1. **Spot Booking Contract:** A rate is booked and paid for immediately so that the wire can be instructed on your cleared funds received.
2. **Forward Booking Contract (Euro and Dollar only):** A Forward Booking allows you to book a trade for a specific date in the future and helps protect you against possible rate fluctuations. For Forward Bookings we normally require a 10% deposit in order to secure this rate, once a maturation date has been agreed. The balance of a Forward Booking will be due on the maturation date. This is available for contracts from 1 (one) to 12 (twelve) months.
3. **Held Amount Contract:** A Held amount is active after a trade is booked and paid for in full. The equivalent foreign amount is then kept back until you are ready to have the wire instructed, in part or in full, at a later date.
4. **Draw Down Facility:** A Draw Down Facility can be applied to Held amount bookings. For a held amount, you may use the whole booked amount, or part thereof, to make one or several payments when you need it.
5. **Regular Payment Service:** A Regular or Scheduled Payment Service is useful when you need to make mortgage, pension or any other regular payments. Opening a Direct Debit facility will enable us to fully automate your regular payments.
6. **Funds in account:** This is held in GBP until as such time as you wish to make a payment. This allows you to react instantly to any need to make an International Payment. It must be noted that this is not deemed to be on deposit nor will any interest be payable on it.

N.B. When making a verbal contract on the telephone, once you have been quoted an exchange rate that it is acceptable to you and you have confirmed your wish to enter into a Contract at that rate, then should our dealer accept your order and advise you of the same, a "Contract" will exist between you and us to buy or sell the relevant currencies at the quoted exchange rate. Once a "Contract" has been made it cannot be withdrawn, rescinded or amended. If you breach your "Contract", you will be liable for any losses we incur on closing out our matching "Contract", which will at least in part be dependent on movements in the exchange rate.

**Customer Agreements**

Our customers and their use of our payment services can be separated into two categories of contracts. Every customer will be covered by one of the following contracts:

1. **Framework Contracts:** Transactions under a framework contract are pre-determined conditions that govern the execution of individual and successive payment transactions the future.
2. **Single Payments:** These are where there are no pre-determined conditions to govern future transactions or where there is no ongoing relationship between the customer and us.

## Fees

We have no transaction fee for wires over £25,000.00 equivalent. Otherwise:

Wire Transfer Fee - £12.50

Draft Order Fee - £8.00

For same currency transactions the payee and payer must pay any charges levied by their payment service provider. This is known as a SHARE arrangement.

## Exchange Rates

We use our reference exchange rates unless we have agreed otherwise or the customer has agreed a forward contract. We do have different exchange rates for different transactions. Customers may ask for these exchange rates and in all cases the exchange rate will be provided prior to the transaction.
